Education

Bahir Dar University
BSc in Software Engineering
Expected Graduation: **2027**

Technical Skills

- **Languages:** JavaScript, HTML, CSS
- **Frontend:** React, Tailwind CSS
- **Backend (Learning):** REST APIs, Backend Integration Concepts
- **Tools:** Git, GitHub
- **Other:** Responsive Design, UI/UX Fundamentals, API Integration

Projects

Gibi Gubae Digital Platform *(Ongoing | Team Project)*

- Developing a full-featured web platform for a university-based spiritual organization under the Ethiopian Orthodox Tewahedo Church.
- Building a public website with history and gallery features to introduce Gibi Gubae to new students.
- Designing dashboards for multiple organizational classes with role-based admin control.
- Contributing to system design, frontend development, and backend integration planning.

Café & Restaurant Website *(Full-Stack | Team Project)*

- Built a functional platform with food ordering, table booking, and menu management.
- Integrated frontend pages with backend APIs and improved responsiveness.
- Collaborated with a team using Git and GitHub.

Book Store Web App *(React + Tailwind CSS)*

- Developed a modern, responsive bookstore interface using reusable React components.

Personal Portfolio Website

- Created a portfolio showcasing projects and skills with animations and theme toggling.

Experience

Frontend Intern — Code Alpha

- Worked on real-world frontend tasks including UI design, component development, and debugging.

Frontend Intern — Prodigy InfoTech

- Built reusable web components and strengthened React and Git collaboration skills.

Certifications

- SheCodes
- EthioDen
- Udacity

Interests

Web Development, Full-Stack Development, UI/UX Design, Problem Solving, Artificial Intelligence
